**Attachments:** [Parker Waiver of Special Notice.doc](#)

---

We generally do not demand past cost when we order parties to perform work, I don't think we are ready to pursue past cost just yet, and the only reason we would include a demand is if we wanted to start the interest clock, and we have not done that with the already performing parties. So my position would be to hold off issuing demand until we are ready to demand from all of the parties. The waiver of special notice letter looks fine.
